

AADITHYA KRISHNAN REGHUNATHAN

8593029248 | aadithyanmanu20@gmail.com

Alappuzha, Kerala

Motivated, organized and detail-oriented BTech Information Technology student. Hands-on experience in building intelligent systems using LLMs, automating tasks with modern frameworks, and collaborating in agile development environments. Eager to contribute to innovative projects and grow in a dynamic tech role.

PROJECTS

GRADEMATE (AI-BASED GRADING ASSISTANT)

- Developed an automated grading system using LLMs and RAG to assist teachers.
- Integrated FAISS and OpenAI API for accurate and efficient grading
- Integrated Google Cloud Vision API and pdfplumber for scanning answer scripts

TO-DO LIST APPLICATION(C++)

- Developed a console-based To-do list application in C++ that allows users to manage tasks, set priorities, and track task completion status, with tasks saved and loaded from a file.
- Utilized object-oriented programming principles, including classes, constructors, member functions, and data encapsulation
- Enhanced user experience with clear and simple console prompts for interaction

SIGN LANGUAGE TUTOR APPLICATION (MULTIMEDIA PROJECT – UNITY)

- Augmented reality (AR) companion app for a sign language teaching book, focusing on American Sign Language (ASL) alphabets
- Employed Vuforia for image recognition and marker storage
- Employed Unity for AR content development, integrating hand-sign images, text descriptors, and short video tutorials for each alphabet

WEATHER APP(FLUTTER)

- Built a flutter application to display real-time weather data for the user's current location
 - Integrated OpenWeatherMap API to fetch weather information, including temperature, condition and city name
 - Enhanced user experience with dynamic weather animations using Lottie for conditions like rain, fog and sunny weather
-

INTERIOR DESIGNER APP(FLUTTER)

- AR based interior designer application to make the shopping experience more comfortable
- Built a flutter-based user interface implementing the various pages

EDUCATION

BACHELOR OF TECHNOLOGY IN INFORMATION TECHNOLOGY

School of Engineering,CUSAT

2021-2025

SKILLS
