

Dr. Marcus Johnson

Senior Data Scientist & NLP Specialist

marcus.johnson@ai-labs.org • (650) 555-9123 • Palo Alto, CA • github.com/marcusj-ai

PROFESSIONAL SUMMARY

Accomplished Data Scientist with a PhD and 4 years of industry experience developing machine learning models, natural language processing (NLP) pipelines, and predictive algorithms in Python using PyTorch, Scikit-Learn, and HuggingFace.

SKILLS & EXPERTISE

Core Competencies: Python, Machine Learning, Deep Learning, NLP, Scikit-Learn, PyTorch, TensorFlow, HuggingFace, SQL, Pandas, LLMs, MLOps

RESEARCH & INDUSTRY EXPERIENCE

Senior Machine Learning Scientist | Intelligence AI Labs

Aug 2022 - Present (Palo Alto, CA)

- Built custom domain-specific Large Language Models (LLMs) and fine-tuned BERT models for document extraction.
- Designed Python ML pipelines with PyTorch and Scikit-Learn, improving classification accuracy by 22%.
- Deployed containerized model APIs using FastAPI and Triton Inference Server on AWS.

Data Scientist | Analytics Corp

Jun 2020 - Jul 2022 (Mountain View, CA)

- Developed predictive churn models and customer sentiment analysis algorithms using Python, Pandas, and NLTK.

EDUCATION

Ph.D. in Computer Science (Data Science Focus) - University of California, Berkeley

2016 - 2020
